

MATHOGRAPHY

Write a letter or essay about yourself that will help your teacher get to know you as an individual. Address each of the general topics below. Choose a few of the suggested questions to get you started. You certainly don't need to answer all of them, and you may include other information in your letter. You may type it, and share it in Google Docs or email it to me if you wish.

- About You:
 - By what name do you like to be called?
 - What are your interests, talents, and hobbies?
 - With whom do you live?
 - What language(s) do you speak?
 - When is your birthday?
- You as a Math Student:
 - Describe your memories as a math student from kindergarten until now.
 - What experiences in math have you liked? Why?
 - How do you feel about taking this math class?
 - Have you ever worked in a team in a math class before?
 - What are you like as a member of a team?
 - In what ways are you excited about working in a team?
 - In what ways are you concerned about it?
 - What kinds of math do you imagine yourself doing in this class?
